

CONTRACT FOR SERVICES

2021 Aerial Application of B.t. (Bacillus Thuringiensis) for control of Gypsy Moth Caterpillar

THIS CONTRACT made between:

Name of property owner (Please print):

Mailing Address:

Telephone/fax:

Email:

(herein called the "Customer")

- and -

Zimmer Air Services Inc.
(herein called the "Contractor")

Property to be Sprayed

Address: 911 address (street or road name and house number):

Acreage/Size of Lot: _____

VERY IMPORTANT!!!! Please include tax roll numbers of all parcels you wish to have treated.

Please provide the name and telephone # of someone who Zimmer Air Services can contact if needed in the event you cannot be contacted.

IMPORTANT

Map: The Customer will provide to the Contractor, an aerial photo/hand drawn map/GIS shapefile/Google Earth image (or any combination of) which clearly identifies the property location and property boundaries to be treated. Any sensitive areas should be clearly marked and noted.

Spray Waiver - Talk to Your Neighbour: Properties abutting yours must either participate in the spray program OR you will need to ask your neighbour to sign a Spray Waiver (see attached). If the Spray Waiver is not signed by your neighbor, Zimmer Air Services may decline to enter into a contract to spray your property or leave a 20 meter buffer zone inside your property line....whichever is appropriate.

Signs – Prior to the start of the program, pesticide use signs will be posted on residential properties. Where possible an alternate means of compliance may be requested from the Ministry of the Environment in accordance with Regulation 63/09 of the Pesticide Act of Ontario. Signage must remain for a minimum of 48 hours following completion of the application.

AGREEMENT

The fee schedule applicable to this program is as follows:

Early booking discounted rate if contracts received by April 1, 2021

The Customer agrees to hire the Contractor to carry out an aerial application spray program at a charge of **\$357.00** (HST included) for each property up to one (1) acre in size. Properties over one (1) acres will be charged an additional **\$96.00/acre** (HST included).

Contracts received after April 1, 2021:

The Customer agrees to hire the Contractor to carry out an aerial application spray program at a charge of **\$428.00** (HST included) for each property up to one (1) acre in size. Properties over one (1) acre will be charged an additional **\$115.00/acre** (HST included).

Note: If road closures and a Transport Canada Ministerial Authorization is required to accomplish this program in a “Built Up Area”, (municipality), additional charges will be applicable at cost.

1. The Contractor agrees to apply “2” application(s) of Foray 48B PCP # 24977 to the properties at the maximum rate of 1.6 litres per acre (4.0 L/Ha) having a potency of 12.7 BIU’s per litre at the optimum time to provide the best larvae control.
2. The contractor reserves the right to decline spraying on any property that cannot be accomplished safely, effectively or within existing legislation. Under these circumstances, full payments will be returned.

Please sign and date as follows:

Customers Signature

Signed on (date)

Payments will be deposited/processed following **completion** of the first spray application.

Payment information will be obtained after acres verification has occurred by ZAS mapping.
